Garden Design Workshops

by landscape designer, Ann Simpson

Sign up for all 3 classes to receive a \$5 discount!

(call City Hall to receive discount, pre-registration required)

Workshop #1: "The All-Important Front Door"

Take a good look at the front entry to your house and ask yourself, "Is it still the welcoming place it used to be? Are the evergreens over-grown for the space? Can I even see the front door from the street?" If the answer is "No" to any of these, perhaps you need a front door makeover. Join us for an interactive discussion of the design basics that make for a welcoming entrance to your home. Bring photographs from a middle distance and one or two from the street showing most of the house front. We will look at what works well and what doesn't!

Location: City Hall Conference Room

Date: April 6 **Time:** 10:00-11:30am **Fee:** \$15

Workshop #2: "Gardens for those Pollinators!"

We now know the importance of pollinators to gardens and to our food supply. Bees, butterflies and pollinators of all kinds are under increasing threat from many sources. Can gardeners and homeowners actually play a role in helping to restore their dwindling numbers? Absolutely! At this workshop, we will consider:

- what to plant and where to plant it
- how to arrange for best effect
- how to provide for shelter and nesting
- what are some pitfalls and concerns
- the importance of signage

Location: Shawnee Indian Mission

Date: April 13 **Time:** 10:00-11:00am **Fee:** \$15

Workshops #3 "Water Problems in Your Yard?"

This will be another interactive workshop session where we work from photographs discussing possible solutions to water issues in your yard. We will stress the use of "green" solutions to slow the flow rather than a "hard engineering" approach you may be more familiar with. The emphasis here is on how to be a good neighbor to those living downstream from us, as we problem-solve!

- Have a low spot that is always soggy?
 - Need water away from the foundation of your house?
 - Is a rain garden appropriate? Or rain barrels?
- Bring photographs showing the area of concern and its location relative to your house and to your neighbor's.

Location: City Hall Conference Room

Date: April 20 **Time:** 10:00-11:00am **Fee:** \$15
